Australia's most comprehensive range of model ship and boat fittings...

Float a Boat has always stocked a very large selection of fittings suitable for both the scratch builder and the kit builder wanting to replace inferior items supplied with some kits. We source stock from all over the world and are very particular about the items we carry. We constantly evaluate the fittings ranges of many manufacturers and discard items which we feel do not meet our exacting requirements. This is the reason we do not stock the complete fittings ranges of each manufacturer. In our experience, no one manufacturer has a perfect range of fittings - they are a mixture of good and not so good (in some cases, downright appalling).

We have compiled our fittings range using the following criteria -

1. Authenticity and accuracy of the item concerned.
2. Quality of manufacture.
3. Regular and reliable supply.
4. Price.

We prefer to stock accurate, quality fittings, irrespective of price, rather than budget priced inferior items. To this end we manufacture a large number of fittings ourselves, in order to fill gaps in our range where we find difficulty in sourcing a suitable item from a recognised manufacturer. This aspect of the business will continue to increase, in order that you, the customer, will be able to access the best fittings possible.

So that our retail shop operates smoothly, we naturally have thousands of fittings in stock at any one time, which is of great assistance to the mail order customer. Waiting time for your order to be processed is at an absolute minimum.

Model boating is one of the most satisfying of all recreational pursuits and modellers are justifiably proud of their work in creating their models.

As hundreds of ship modellers can already testify, your partnership with Float.a.Boat in creating your next special model will be a rewarding experience.

You are always very welcome to visit the shop when you come to Melbourne.

All our local customers appreciate the fact that every fitting and accessory is clearly displayed in our showcases, to make selection as easy as possible.

ABBREVIATIONS

| | |
|----------|--------------------------------|
| Cast | Cast White Metal |
| D | Diameter |
| Galv. | Galvanised |
| M. | Metal |
| N/Pl | Nickel Plated |
| Plast. | Plastic |
| Pl/Metal | Combination of Plastic & Metal |

Other Materials are noted in full.

NOTE

Most fittings are sold as a ready – made item, but sometimes the more complex ones are presented as a small kit of parts for the modeller to assemble. These are identified as such. C.A. Glue is often the most suitable for this work.

AVAILABILITY OF STOCK

In order to supply customers who purchase from our retail shop we must ensure that we have good quantities of stock listed in this catalogue. Very occasionally, however, a manufacturer or supplier will let us down. Although this is rare, we realise this is frustrating to both parties and we endeavour to rectify such situations as quickly as possible.

PRICING

As we are unable to control our suppliers prices, Float a Boat reserves the right to change prices without notice.

ANCHOR Admiralty Pattern

| | | | | |
|--------|------|------|--------|---------|
| A-0001 | 20mm | Cast | Pack 1 | \$ 6.20 |

RABOESCH

The Finest Fabricated Brass Propellers

The scale model boat enthusiast is extremely well served with the very extensive range of fabricated brass propellers by Raboesch Precision Engineering.

Float·a·Boat has been awarded the privilege of selling this fine range and we are sure that it won't be long until most scale models in Australia and New Zealand will proudly display Raboesch propellers.

No longer does one have to make do with one basic blade shape for all models. You can now equip your model with a scale propeller shape closely equating to the original prototype. Proper scale modelling! The quality of these propellers is superb.

No solder flashes to spoil blades or bosses; all units are polished to a lustrous shine. Their most reasonable prices make them the only choice for every model.

Not only are Raboesch propellers highly efficient for all working scale models, but they are equally at home in showcases, adding that final finishing touch to the finest of static models. The range includes 2 blade props in two different blade types, 3 blade in two blade types, 4 blade in four blade types and single blade types in 5, 6 and 7 blades. Propeller diameters cover the largest range and in the popular 3 blade "A" type and 4 blade "A" type profiles, diameters start at 20mm and go through to a large 130 mm.

All other types more than cover the most sought after sizes.

M3, M4 and M5 shaft sizes are catered for as well as imperial 3/16".

As the metric sizes are the most popular in Australia, Float·a·Boat stocks the full range of these propellers, but will be pleased to order the imperial units if required.

The average scale modeller spends hundreds of hours creating a wonderful piece of work of which he or she can be justifiably proud. There is now no longer any need to fit any old prop to your model.

A Raboesch propeller from Float·a·Boat will do justice to all your hard work.

Just stand back and admire. Your model deserves nothing less !

To complement our range of propellers, we also supply shafts and couplings. Shafts come in standard 4mm and 5mm threads and are of stainless steel. Propeller tubes are brass with phosphor - bronze brushings at either end. Standard tube lengths are 150mm, 200mm, 250mm, 300mm and 350mm. Propeller shafts are approximately 50mm longer. Our universal couplings can be made up to suit any size spindle or shaft.

2 BLADE BRASS PROPELLERS A Type

These propellers are suitable for sailing ships with auxiliary motors as well as small classic steam boats.

| Code | DIA mm | DIA Inch | R/L | Shaft Thread | Pitch mm | Max RPM | PRICE |

3 Blade BRASS PROPELLERS D Type

These 3 blade propellers with a larger blade surface have great propulsion capacity at low revs. Most suitable for Motor yachts – Motor sailers - Steam vessels – Classic fishing boats such as Trawlers and Drifters.

| Code | DIA mm | DIA Inch | R/L | Shaft Thread | Pitch mm | Max RPM | PRICE |

4 Blade BRASS PROPELLERS A Type

From 1940, used in ships with slower speeds but requiring more power such as: Tugs and pushing boats, many types of fishing vessels, work boats, cargo ships and displacement motor yachts.

Another very extensive range, covering M3, M4, and M5 threads

| Code | DIA mm | DIA Inch | R/L | Shaft Thread | Pitch mm | Max RPM | PRICE |

Ordering

4 EASY WAYS TO ORDER

By Telephone

Phone (03) 9879 2227

Phone hours: Tuesday to Friday E.S.T. 10am to 5.00pm

Saturday E.S.T. 9.00am to 12.00 noon

This is often the most convenient way to order, especially if you have a Credit Card.

We accept Bankcard, Visa, Mastercard and Amex.

Before you phone please have the following details ready.

- Product numbers and quantity of items you wish to order.
- Credit card number and expiry date

By Mail

Float.a.Boat

48c Wantirna Road, Ringwood, Victoria 3134 Australia

If you don't have a Credit Card, mail is the best solution.

Before mailing, be sure the following details are complete on your form.

- Clearly detail the number of items you require and their code numbers.
- Total the value of your goods plus postage and enclose a personal cheque, bank cheque or money order. (Never send cash in the post.)
- Be sure to enclose your address for return mail.
- Contact phone numbers (Business hours number and mobile)

(All cheques other than bank cheques will be cleared before goods are shipped.)

This can take up to 7 working days. Enclose a Bank Cheque if you require faster delivery.)

Overseas orders to be paid for in Australian Dollars, inclusive of post and packing.

By Fax

Fax number (03) 9720 4526

Fax ordering is fast! Just fax your form through to us including your credit card details and we will ship immediately. Fax ordering is always available 24 hrs a day, 7 days a week.

Personal shopping

48c Wantirna Road, Ringwood, Victoria

Our shop hours are: Tuesday to Friday 10.00am to 5.00pm

Saturday 9.00 to 12.00 noon.

The shop is closed on Mondays and Public Holidays as we are at our workshops.

The best buying experience of all is a personal visit, as the shop is a ship modeller's paradise with all stock on full display for easy selection.

You may also like to buy from our large range of fine quality nautical gifts, showcase models, artwork, books and videos. When next in Melbourne, please call in - we would be so pleased to meet you personally.

Layby

We offer a six weeks, interest free, layby service.

A minimum non-refundable deposit of \$20.00 is required at the time of layby.

Goods remaining unpaid after the six weeks have expired will be put back into general stock.

Gift Vouchers

Gift Vouchers make the ideal gift for someone who is hard to buy for. They can be purchased for any monetary amount and then exchanged for product of the customers choosing. They can not be exchanged for cash. They are valid for 12 months from the date of issue.

Postage

Please add \$6.50 to each fittings order within Australia to cover postage and handling.

Overseas orders add \$15.00 (Aust.) to cover postage and handling.

We respect your privacy...

and hold your personal details in strictest confidence. We will not rent, sell or give your details to anyone else.

Your credit card details are destroyed after every transaction and are not held on file.

ALL PRICES IN AUSTRALIAN DOLLARS

Float.a.Boat reserves the right to change prices without notice.
